U. S. Appropriates Money To Bay High For Maintenance

Bill Colmer, congressman, announced this week that Bay High School will receive an appropriation of \$1,354.56 from the government for the upkeep and maintenance of the school. This sum is derived from the number of students in the school whose parents work in any type of defense plant.

The amount of \$1,015.00 has been certified for immediate payment and the remainder is the tentative entitlement for the fiscal year 1954.

Professor Ingram, City Superintendent of Education, said that Bay High had an enrollment of 31 students whose parents fit in this category.

Mrs. Alden Mauffray, Mrs. Charles Beyer and Mrs. Vincent Piazza represented the Altar Society and St. Margaret's Daughters groups at the Hancock County blood bank Monday morning.

They solicited prospective members and donors for the blood bank program.

The blood bank will continue to be open each Monday morning at the courthouse.

Second Appeal For Gray Ladies

In a second appeal for volunteers to become Gray Ladies who work at the Veterans' hospital in Gulfport, this Red Cross organization this week cited as the greatest need for ladies to work in recreation fields.

This includes such tasks as playing games - bridge, canasta, rummy, bingo, quiz contests - with the patients at the hospital.

The men must be encouraged to play, the report said, as there are always those who are reluctant. There is a great satisfaction in watching a solitary patient gradually become interested in a game or to see him diffidently join the group around the piano and start singing.

The volunteer in recreation is asked to attend informal dances for the patients on Monday nights. She may also participate in the Little Theatre groups organized for the patients.

The hospital also emphasizes such events as Holidays—Christmas, Mardi Gras, Fourth of July and other festive occasions—at which Gray Ladies are needed to make the occasions gay.

Those wishing to attend instruction courses may contact Alberta Beyer or Mrs. V. J. Piazza.

Nearly 500 Visitors Tour City's Homes And Gardens In Annual Gulf Coast Spring Pilgrimage

SCENES FROM GARDEN CLUB PILGRIMAGE

A Chamber of Commerce dream of a day greeted nearly 500 visitors who converged on Bay St. Louis Wednesday to visit and admire the beauties of homes and gardens thrown open to them by the Bay-Waveland Garden Club.

The event, which is part of the annual Gulf Coast Garden Pilgrimage, now famous throughout the nation, was pronounced a huge success by Mrs. C. R. Beyer, president of the local club.

The largest number of guests was noted at the South Beach residence of Mr. and Mrs. B. H. Lister, who have re-created a fabulous degree the estate of the buccaneer kings of the 1800's. This "Pirate House" and its grounds were viewed by approximately 500 persons, Mrs. Lister said.

Following the showing to visitors, the hostess entertained for members of the garden club itself and later in the evening capped the eventful day with a buffet supper to many friends who participated in the day's activities.

At the Swoop residence, where a small, elegant display of glassware and china antiques was shown, Mrs. Edmund Fahey, Mrs. Paul Loup and Mrs. Hardin Shattuck were hostesses. They wore antebellum costumes for the occasion.

Here, too, pilgrimage guests were entertained by a group of Bay High eighth graders, who danced a minuet on the lawn.

A colorful addition to this year's tour was the decorated horse and buggy which, was parked at the Bay St. Louis side of the highway bridge. There Betty Younger and Mrs. Waldo Otis greeted the visitors as they arrived and gave them directions to the gardens of the E. M. Brignac home, which opened the tour.

At lunch, which was provided for the visitors at the Bay-Waveland Yacht Club, the club's members used decorations of white gladioli, bird's nest ferns, ivy, the mantelpiece and vast table expanses.

At the home of Mr. and Mrs. Percival Stern, guest hostesses were Mrs. Ray Freeman, Mrs. Walter Brown and Mrs. Michael Greenwald of New Orleans.

Mrs. Joseph Samuel had guest hostesses from New Orleans and Waveland assist her in showing her garden.

The tour of the St. Augustine's Seminary gardens included a concert by the choir of that institution.

Closing the day's activities was coffee, served following a showing of the grounds at the Walter Gex home on South Beach.

Robert Camors Elected Commodore Of M. G. C. Y. A.

At the meeting Monday night of the Mississippi Gulf Coast Yachting Association held at the Gulfport Club, the dates for the Gulf Coast Regatta were set and officers elected.

Robert L. Camors, from his Bay Waveland Yacht Club, was elected commodore, E. A. Perich Jr., Rear Commodore; Tommy Kemp, vice commodore; and Henry Chapman, also of the Bay-Waveland Club, secretary and treasurer.

The regatta will begin with the New Orleans to the Coast race, which will start at the Southern Yacht Club on June 26th. From June 30 - July 1, the Gulfport Yacht Club will hold its regatta.

Then the boats move to Biloxi for the races to be held there the 3rd and Fourth of July. On the 9th of the month Pass Christian will play the host to the yachtsmen and the last stop on the coast will be the Bay-Waveland Club on the 10th. From there the boats will sail back to New Orleans.

Other events including the Chapman Memorial Trophy Race, the junior penguin championship, the Ratbone DeBuys and the Monk Smith trophy will be held on later dates.

Dies In N. O.

Now that the racing season has closed our local sportsmen will have other hobbies to attend to. Fishing however will head the list most probably.

Frank Presley of Dallas, Texas, says he has to go fishing this week end or bust. He likes the keys and fishes with Don Genin when he's here.

The two-some, Ed Heath and August Rauxet were at it again last Saturday. They reported catching a large number of green trout up Jordan River.

Russ Elliott played his first game of golf last weekend. Russ made an exceptionally good score for the first try. He says he would like to take behind his dad.

George P. Thomas and Dempsey Wright were touring Bay St. Louis Wednesday. They are both participating in the annual Golf Tourney which started Thursday

at Great Southern Golf Course at Gulfport. These two are good fellows and good golfers. Dempsey is Pro at the Meadowbrook Country Club at Atlanta, Ga. They'll be in there trying, said Thomas.

Did you know that all race horses become officially one year old each January 1, regardless of the actual date of foaling?

Each week this column will try to print a picture of some bird or animal which we should be familiar with. This week is shown the

Requests have come from several sources asking how the water is and how the fish are biting. The only answer is that the water is clear in Jordan River, the heads of most bayous and still murky in Pearl River and territory, but is clearing fast. Fish have been biting a little better and with a few days of warm weather should be at their best.

A few speckles have been caught at the keys of late.

J. C. Baxter has been working on his boat and says he will be ready to go after them soon. J. C. is an ardent fisherman and knows how to get the big ones. Ask him!

If you are a newcomer to these parts and like to fish or learn to fish - how to catch soft crabs or flounders - send this column your questions and yours truly will try to tell you the answers. There's plenty of room for all - our streams are numerous and have plenty of fish in them. Better get that old feeling to go fishing, now!

Remember your local stores have plenty of fishing tackle and baits - if you don't know what to use or buy, ask someone more experienced. A good sportsman will always be glad to help another.

Don't get over anxious - you will have plenty of time to go after those delicacies, soft crabs and flounders. Don't take a chance and catch a cold - the weather will soon be warm - we hope!

COASTING

By ANNE OBLEANS

One of the most interesting articles in the Saturday Evening Post of March 13th, was I HAD TO BAIL OUT AT SUPERSONIC SPEED by Lt. Com. Arthur Ray Hawkins, USN, as told to Wesley Price. Hawkins hit the United States in a cotton field near Pic-Miss, and his plane came down a few miles away. He not only came through alive but with practically no injuries; one broken rib, a few scratches on his legs, sore all over and butterflies in his stomach. A Pickens doctor taped his rib and gave him tetanus shots for the scratches. Jerry Wald, the highway patrol officer who was to take him to the nearest airfield, stopped at his and Mrs. Wald gave Hawkins "a cold glass of buttermilk." Like magic, the butterflies disappeared.

The night before this article appeared, a local doctor had a call from a patient who had not butterflies but angry hornets in the tummy. Medical ethics do not permit advertising but instead of the usual Dr. X, we will say Dr. W. prescribed buttermilk. Like magic, after two glasses of cold buttermilk, the hornets disappeared.

The Joseph Samuels kept their fingers crossed so the rain and wind would not hit their lovely garden until after the Garden Pilgrimage on March 17. Among their effective color combinations were the beautiful pale pink Elegance Azaleas in front of the Redbud and Dogwood trees with the necessary touch of blue in the pretty Kiss at the Gate flowers. The Ray Samuels with little Cynthia and Stephanie came over for the week end to see the garden at its peak of beauty.

Dr. Adrian Hava, formerly of New Orleans, is now making his home in Bay St. Louis. Dr. Hava, a graduate of Loyola, has just completed his term of service with the Navy. His mother who is also planning to live here, is ill in New Orleans at this time. All their friends are wishing her a speedy recovery.

Dr. and Mrs. John F. Dicks and Dr. and Mrs. Thomas Sellers went to Natchez for the annual Pilgrimage in that section. They attended the Pilgrimage Ball. Dr. Dicks, originally from Natchez, still has many relatives there so there was a great deal of family visiting.

Last week the Dicks visited St. Louis Plantation in Louisiana, the home of Nancy and Andrew Gay.

their daughter and son-in-law, St. Louis has a very old formal garden with hedges and azaleas and many beautiful flowering shrubs that are estimated to be over one hundred years old.

Lydia and Chambers Mehaffey motored down from Pennsylvania for a visit with Evelyn and Lloyd Griffith at Bonus Pines. The Griffiths have sold Bonus Pines and will soon move to a home on North Beach in Bay St. Louis.

Dr. Emmett Lee Irvin says that Darwood on the Jourdan gardens should be a their loveliest blooming for the next two or three weeks. Camellias still blooming and new ones beginning to bloom. Gorgeous azaleas of every possible shade of color. Suiresas, bridal wreath, cherokee roses, ardisia with the beautiful berries, anise, sometimes known as red top, iris, hydrangeas, coral bells. This is really a flower lover's paradise.

The Ben Moises at Twin Pines this past week. It was tough driving through the fog on Saturday but the Sunday sunshine was worth it. Their son, Lt. Benjamin J. Moise, graduates on Mar. 19th, from the Officers' Squadron School at Maxwell Air University, Montgomery, Ala. After a brief stay in New Orleans he will be stationed at the George Air Force Base, Victorville, Calif. Roma, his wife and the two little girls, Karen Anne and Ronda Lee, will go to California with him.

The Ray Gordons and their son, Billy, over from New Orleans. They have just added three dozen rose plants to the big bed they started last year that was so successful. Their recipe for good roses; plant the bushes in the open, not against the house or fence.

Mr. and Mrs. James E. R. Jones of Stamford, Conn., returned recently to their native Southland after an absence of forty-six years. They spent a week with Miss Anna Wheeler at Wheeler, Ala. Miss Wheeler is the daughter of Fighth Joe Wheeler, famous Confederate General, who is also a great uncle of Mrs. Jones. In coming back to the South, one of their pleasant experiences was to attend the Mardi Gras celebration in New Orleans.

Mr. Jones is a retired Naval and construction engineer and also holds one of the first Real Estate licenses issued by the State of New York. When they came to Waveland, Mr. and Mrs. Jones had expected to stay for one week but the people of Waveland that they met were so cordial and so friendly that they stayed for four weeks.

Catholic Women Of District Meet

A meeting of the Bay St. Louis district of the National Council of Catholic Women was held in Pass Christian on March 10th with approximately 25 members attending.

Mrs. Pat Koennen, presided. The meeting was held at St. Joseph's school, with the Rev. Father James P. McGlade, pastor of St. Paul's Catholic church, opening the meeting with prayer.

After minutes of the previous meeting were read and financial report given, letters from the National and State presidents were read by Miss Jane Lang. Reports of the various committees of the four units were also given.

Mrs. Alden Mauffray spoke on the plans for the pilgrimage to the Shrine of Our Lady of Prompt Succor in New Orleans, March 25. The ladies are to meet in front of Our Lady of the Gulf church at 10:00 a. m. as the chartered bus will leave at 10:30 a. m.

Read were letters of appreciation to the ladies for the many hours given in entertaining the veterans of the Gulfport V. A. Hospital through the National C. C. S. in cooperation with the American Red Cross.

It was stated that on Tuesday, March 16th the ladies from along the Coast will make a pilgrimage to Our Lady of the Gulf church for special services at 3:00 p. m.

An excerpt from the Denver Catholic Register was read, saying: "At the board of directors of the National Council of Catholic Women that met in Washington, D. C., President Dwight D. Eisenhower received the ladies in his office in the White House. The President congratulated the Council on its work." The Register further stated: "The Apostolic Delegate told the N. C. C. W. Board, which was marking its greatest year of growth in 1953, that it had provided substantial assistance to its spiritual Shepherd, including the Holy Father. In the past year 1,120 new Catholic Women's groups were affiliated with the NCCW bringing the total number of affiliates to 8,489." This news was received with great enthusiasm and it was decided that each unit will endeavor to bring in more affiliates during this, the Marian Year.

Because of Lent, no refreshments were served but a door prize was won by Mrs. Weston of Pass Christian.

The Bay St. Louis District is comprised of Gulfport, Long Beach, Pass Christian and Bay St. Louis. The meeting was closed with the reciting of the prayer for the Marian Year.

The April meeting will be at St. Thomas School in Long Beach.

Services Held For Captain Mallini

Funeral services were held for Captain Sylvan A. Mallini, 83, who died March 6, at the Memorial Hospital in Gulfport.

A native of Abbi, Italy, Mr. Mallini came to this country at the age of 16. He operated a shipyard on Bayou Portage near Pass Christian. There he built his own schooner the 'Annie Mallini' which he sailed for many years in the shrimp and oyster business.

In his later years Captain Mallini served as captain of the pleasure boat 'Queen of the Fleet.' For eleven years up to his retirement in 1950 he served aboard the fire tug which patrolled the Bay St. Louis bridge.

It's true

The first Congress in 1789 acted to encourage brewing in the new nation as an aid to moderation. James Madison, later our fourth president, urged an import tariff to "induce the manufacture of beer to take deep root in every state in the Union."

Brewing and the medical arts entered the field of exact science almost hand-in-hand. An early work of the famous scientist Louis Pasteur was his "Studies in Beer" of 1876. Modern brewing - as well as great steps in medical science - developed from his discoveries.
